🪪 PROFILE

I am dedicated front-end developer with almost 4 years of experience in the tech industry, specialized in implementing front-end parts of applications.

I am experienced, innovative and well-organized. Able to work effectively under pressure in order to meet deadlines and not afraid to work with new technologies and explore creative solutions.

💼 PROFESSIONAL EXPERIENCE

Endava, Medior/Senior Frontend Web Developer
June 2021 – present | Kragujevac, Serbia
Medior/Senior Front-end developer in React JS/Typescript and Angular worked on building the Web applications and also writing Unit tests in Jest/React testing library and e2e testing in Cypress.

I was a team lead of a smaller team of 3 developers on a project.

**Comtrade Digital Services,
Junior Frontend Web Developer**
October 2019 – June 2021 | Kragujevac, Serbia
Junior Front-end developer in React JS/Typescript and Angular worked on building the Web applications and also writing Unit tests in Jest and e2e testing in Cypress.
